

# Fuel Line Cable Ties

- **Material: Nylon 6/6**
- **ROHS & REACH Compliant, meeting environmental and safety standards**
- **Good resistance to oils, bases, and oil derivatives**
- **Operating Temperature Range – -104°F - 185° F**

**Kable Kontrol® Fuel Line Cable Ties** are made from high-quality nylon ensuring excellent durability and strength. It meets UL 94-V2 flammability standards for safe usage and offers outstanding temperature resistance, performing in environments ranging from -40°F to +185°C, with heat-stabilized material capable of enduring up to +239°F continuously and +266°F for short periods. These fuel line Radius Zip ties also provide strong chemical and oil resistance, standing up to bases, oils, greases, and solvents, although they have limited resistance to acids and are not suitable for phenol exposure. With low moisture absorption of just 2.7%-2.8%, these ties remain stable and reliable in varying conditions.

SKU	Length	Width	Tensile Strength
FLCT-04-18-100-BK	4"	2.5mm	18 lbs.
FLCT-08-50-100-BK	8"	4.8mm	50 lbs.
