

Metal Pawl Cable Ties

Kable Kontrol® Metal Pawl Zip Ties with metal tooth are made from durable Nylon 6/6 and feature a stainless steel toothed locking mechanism for added strength and reliability. This self-locking device provides a secure hold in a wide range of applications. Our metal pawl cable ties ensure safety and performance even in challenging conditions. These zip ties are highly resistant to extreme temperatures, operating effectively from -104°F to $+185^{\circ}\text{F}$ and withstanding short bursts of up to $+230^{\circ}\text{F}$. The black steel barb cable ties are treated with a carbon black additive, providing superior UV protection for long-lasting outdoor performance. Fully compliant with RoHS and REACH regulations, these metal toothed ties are environmentally safe and ideal for various industrial, automotive, and outdoor uses.

- **Material: Nylon 6/6 & Stainless Steel**
- **Operating Temperature: -40°F to $+185^{\circ}\text{F}$**
- **Humidity absorption: 2,7% - 2,8% (73°F - 50%RH)**
- **Resistant to bases, oils, greases, oil derivatives, and chloride solvents**
- **Limited resistance to acids**
- **Flammability of raw material: UL 94 - V2**
