

Natural Cable Ties

Kable Kontrol® Clear Natural Nylon Cable Ties are the ideal high-quality, durable, and cost-effective option for all indoor zip tie applications. These cable ties are not actually transparent or see-through. Instead, they are natural nylon. These natural cable ties are specifically manufactured to be used for indoor or in-wall cable bundling due to the fact that they meet industry standards for low smoke production. Our natural zip ties are available from 4" to 60" in length with numerous tensile breaking strengths.

- **Material: Nylon 6/6**
- **UL Listed, File No. E530766 Positioning Device 33AS**
- **UL Standard UL 62275 TYPE 21 or 21S**
- **AH-2 Plenum Rating**
- **Operating temperature range -40°F to +185° F**
- **Humidity absorption: 2,7%-2,8% (23°C -50% R.H.)**
- **Resistance to bases, oils, greases, oil derivatives, and chloride solvents**
